

## Product Data Sheet

|                                        |                                                        |
|----------------------------------------|--------------------------------------------------------|
| <b>Product:</b>                        | Antigen Peptide HBV Protein P HLA-A*0201 (GLSRYVARL)   |
| <b>Product Code:</b>                   | SP-MHCI-0068-3                                         |
| <b>Protein ID:</b>                     | P17394                                                 |
| <b>Sequence:</b>                       | H-GLSRYVARL-OH                                         |
| <b>Source:</b>                         | Protein P (P)<br>AA 453-461<br>Hepatitis B Virus (HBV) |
| <b>Amount:</b>                         | 10 mg (10 x 1 mg)                                      |
| <b>Purity:</b>                         | Trial Grade: each peptide purified to > 90% (HPLC/MS)  |
| <b>Binding Allel Type:</b>             | HLA-A*02:01                                            |
| <b>Remark:</b>                         | The peptide is supplied as trifluoroacetate salt.      |
| <b>Storage conditions:</b>             | Store at -20°C                                         |
| <b>Use recommended within 6 months</b> |                                                        |

**Application protocol:** <https://jpt.com/support-contact/resources/application-protocols/>  
- please refer to the PepMix protocol for ELISPOT or ICS

Not for human use, for research purposes only
